

Independent Special Districts

Florida Inland Navigation District

0065

This district was established in 1927. The purpose of this district was to construct and later maintain the Intra Coastal Waterway by the U.S. Army Corps. Of Engineers. This district also participates in beach renourishment projects if they are a benefit to public navigation in the district.

For questions, please call (561) 627-3386.

St. Johns River Water Management District
--

0060

Florida Statute 373.503 created this district in March of 1976. A millage for this district is to be levied in all counties through which the St. Johns River flows. The purpose of this district is to preserve and conserve water. This will entail various projects including the purchase of land adjoining the river.

For questions, please call (386) 329-4217.
